Hmmm - why stay in Connecticut?

- You are taking more of my paycheck everyday and redistributing it to greedy union skills,

- You do not understand that this is not a 'REVENUE' problem (what a joke...) it is a SPENDING problem = WHAT PART OF "STOP SPENDING" do you NOT UNDERSTAND?????

- Now, you want to pass this specious and cowardly legislation that impinges on my freedom.

Did you see in the news recently that Detroit's population decreased again?

It's time to take my big, fat salary and move before the real estate market here tanks any more. Last one out shuts the lights....
